

Since our start in 1992, the Walnut Creek Civic Pride Foundation (formerly the Walnut Creek Fountain for Youth Foundation) has enriched the lives of countless community members by raising funds and providing support for organizations that benefit the community and the community's youth.

Through our grant and scholarship programs and our fundraising for the All Abilities Playground at Heather Farm Park and, recently, the Splash Pad at Larkey Pool, we strive to preserve and enhance the recreational, cultural and educational future of Walnut Creek.

Over the years, we have supported a diverse range of social service, economic assistance, arts education, and recreation, wellness, and youth education programs. Grant recipients have included the Assistance League, CASA, Diabetic Youth Foundation, California Symphony, and the Little League Challenger Division.

Help us Expand Our Support for the Community

The Civic Pride Foundation wants to expand our support for the many worthwhile non-profit programs that preserve and enhance the quality of life in Walnut Creek. To achieve this goal, we are seeking the help of our local business community.

In 2014, Civic Pride contributed more than \$375,000 for the All Abilities Playground at Heather Farm Park.

2018 Grant Awards Support the Arts, Culture, Education, and Wellness

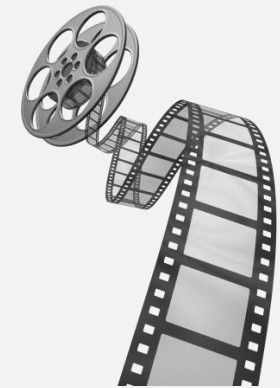

Through the generous contributions of individual supporters, the Walnut Creek Civic Pride Foundation was able to award Community Grants this past year to seven Walnut Creek organizations that work to preserve and enhance the quality of life in our community.
